OF RHODE ISLAND
FACULTY SENATE OFFICE

Green Hall, 35 Campus Avenue, Kingston, RI 02881 USA p: 401.874.2616

Serial Number #17-18-22B

TO: President David Dooley
FROM: Mark Conley, Chairperson of the Faculty Senate

1. The attached BILL titled, the Five Hundred and Forty-fifth Report of the Curricular Affairs Committee: Curricular Proposals, is forwarded for your consideration.
2. This BILL was adopted by vote of the Faculty Senate on January 25, 2018.
3. After considering this bill, will you please indicate your approval or disapproval. Return the original, completing the appropriate endorsement below.
4. In accordance with Section 10, paragraph 4 of the Senate's By-Laws, this bill will become effective February 15, 2018 three weeks after Senate approval, unless: (1) specific dates for implementation are written into the bill; (2) you return it disapproved; or (3) the University Faculty petitions for a referendum.

Mark Conley
Chairperson of the Faculty Senate

UNIVERSITY OF RHODE ISLAND FACULTY SENATE January 25, 2018

Faculty Senate Curricular Affairs Committee Five Hundred and Forty-fifth Report

At the December 11, 2017 meeting of the Curricular Affairs Committee and by electronic communication, the following matters were considered and are now presented to the Faculty Senate.

SECTION II Curricular Matters Which Require Confirmation by the Faculty Senate

PROGRAM PROPOSALS

COLLEGE OF ARTS AND SCIENCES;

BA in Film Media:

The Film/Media program would like to add ART 213, 214, 314, and 315 to its already existing list of interdisciplinary production courses (see attached curriculum worksheet). These course sequences on B/W and Digital Photography focus on the production of the still image, which is the foundational building block in the creation and study of film. In this, these courses provide an essential addition to the courses offered to FLM majors and minors as they focus on specific photographic skills and analysis that are not provided in existing FLM course offerings.

The Film/Media program would like to add COM 316B, Television Criticism, to its already existing list of interdisciplinary critical studies courses (see attached curriculum worksheet). Film/Media has been offering several special topics in critical television studies since 2015, but the emphasis of this course on “rhetorical, media, cultural and various critical theories of” television offers an important addition to the courses offered to FLM majors and minors. The specific focus of this course on the rhetoric of the criticism of television is not examined or available from this approach in existing FLM course offerings

COLLEGE OF ENGINEERING:

BS in Civil Engineering

Currently, the topics of surveying and AutoCAD are both covered in a 2-credit course (CVE 205). After rigorous assessment, we have found that students need more time with each of these topics, particularly AutoCAD. We are requesting that CVE 205 be modified to a 1-credit course on surveying in the fall of the sophomore year and adding an existing 3-credit course on AutoCAD, CVE 250, as a requirement in the spring semester of the sophomore year. This will add two credits to the total program requirement.

In order to balance the total number of credits each semester, we are proposing to move STA 409 from spring to fall of the sophomore year.

In order to better prepare students for internships at the end of their junior year, we are requesting that students register for a professional elective in the spring semester of their junior year (swap a general education with a professional elective in the spring of junior and senior year). A list of strongly recommended professional electives will also be added as a footnote to better guide students based on their interests.

Engineering Entrepreneurship Minor

The list of courses suitable for the minor is increased by the addition of BUS 247 and 249, ELE 470, and OCE 360 and 467. A possible substitution for EGR326 is offered by allowing another course from one of the engineering-specific options on the approved list.

David M. Dooley

Film/Media

Part of the Harrington School of Communication and Media (uri.edu/harrington), the Film/Media Program offers a Bachelor of Arts (B.A.) degree and a minor.

Faculty: Rebecca Romanow, *Director*. Professors Sama, Swift, Trimm, Walton, and Wood; Associate Professors Chadha, De Bruin, Echevarría, Healey–Jamiel, Mandel, Meagher, and Moore; Assistant Professors Kealhofer–Kemp and Wyatt; Adjunct Professor DeSchepper; Adjunct Assistant Professors Bergstrom, Neugent, Tierney and Zorabedian; Senior Lecturer Romanow; Lecturer Brown.

The Major. Film/Media is an interdisciplinary program offering hands-on experience in documentary, experimental, narrative, and new media production, balanced with an emphasis on international cinemas, film/media history, criticism, and theory. Our curriculum reflects the dynamic and diverse nature of this field, approached from a perspective of film history and media theory. Students learn to work with the evolving and overlapping technologies involved in the production of moving images (including film, digital video, 3D animation, game design, and new media), with an understanding of the broadening and globalization of their cultural and aesthetic contexts. A wide range of courses is available to the film/media student—courses that examine the historical, theoretical, and global approaches to the analysis and creation of moving images. The film/media program prepares students for careers in such areas as independent filmmaking; animation and media design; film and television industries; advertising, marketing, and public relations; and media criticism. Graduates of this program are also prepared to continue with graduate studies, either in film and media production for an M.F.A., or in a master's or doctoral program in film and media studies.

Students majoring in film/media must complete a minimum of 31 credits (maximum 46) in approved courses toward the major. FLM 101 or FLM 101H is a required prerequisite. All students must complete the core courses: FLM 110, FLM 203 (or ENG 302), FLM 204 (or FLM 205), including the senior-level seminar FLM 495; a minimum of 6 credits from the *production and technique* category and 6 credits from the *critical studies* category; a minimum of 3 elective credits in courses that count toward the film major (following). This wide range of choices in film/media courses permits students to design a major that will meet both personal and professional goals. Students must have a plan of study approved by an academic advisor in the film media program before beginning their coursework in the major.

Production & Technique: These courses focus on the different approaches to and practices of film/video production—how moving images are created, designed, and used to serve a variety of functions: ART 204, [213](#), [214](#), 215, 304, 306, [314](#), [315](#), 316; COM 341, 342, 445; FLM 110, 351, 401, 445, 491A; JOR 221, 331.

Critical Studies: These courses emphasize the important traditions of genre and the literary and aesthetic approaches toward understanding and valuing film/media, and integrates them into their broad historical, cultural, and ideological contexts: AAF 352; ART 374, 376, 377; CLS 451; COM [316B](#), 346, 414; ENG 205 D, 245, 300A, 300B, 302, 303, 304, 305D, 352, 451; FLM 203, 204, 205, 352, 444, 451, 491B, 495; FRN 320; GWS 350; HIS 358; HPR 324, 411; ITL 315; JOR 311; SPA 320; THE 182. FRN 320, ITL 315, and SPA 320 are taught in English. Other courses may be used for this category with prior approval of the program director. The following topics courses have been pre-approved: HPR 324 *Images of Masculinity in Films*, HPR 324 *Rebel Images in Films*, HPR 411 *Film and Video Practicum*, and GWS 350 *Women and Film*. Other film–

based courses may count toward the major or the minor with the permission of the film/media program director.

A total of 120 credits is required for graduation. At least 42 of these must be in courses numbered 300 or above.

Re: Adding ART classes to Film/Media courses

Today at 10:04 AM

Updated contact info found in this email: Ronelnd Onorato Kingston, RI 02881

Rebecca, I approve the list ART courses (which are sequences of Darkroom and digital photography) to be added to the existing list of interdisciplinary production courses that count toward the FLM major.

Thanks.

Ron

On Sun, Sep 17, 2017 at 3:13 PM, URI Film Director <urifilmdirector@gmail.com> wrote:

Hi Ron,

We discussed this last Spring, and I am now submitting the paperwork to A&S Curriculum to get these changes approved.

Can you please send me a return email that stipulates that you OK the addition of ART 213, 214, 314, and 315 to the existing list of interdisciplinary production courses that count towards the FLM major?

Let me know if you have any questions about this.

Best,

Rebecca

University Catalog Description:

The [civil engineering major](#) requires ~~124~~[126](#) credits.

Freshman Year First semester: 15 credits

CHM 101 (3), 102 (1); ECN 201 (3); EGR 105 (1); MTH 141 (4); and general education outcome(s)¹ (3).

Second semester: 17 credits

EGR 106 (2); GEO 103 (4); MTH 142 (4); PHY 203 (3), 273 (1); and general education outcome(s)¹ (3).

Sophomore Year First semester: ~~15~~[17](#) credits

CVE 205 (~~2~~[1](#)); MCE 262 (3); MTH 243 (3); and PHY 204 (3), 274 (1); [STA 409 \(3\)](#); and WRT 332 (3).

Second semester: 16 credits

CHM 112 (3); CVE 220 (3), 230 (1); MCE 263 (3); MTH 244 (3); and [CVE 250 \(3\)](#) ~~STA 409 (3)~~.

Junior Year First semester: 17 credits

CVE 346 (3), 354 (3), 355 (1), 374 (3), 381 (3), 382 (1); and MCE 354 (3).

Second semester: 14 credits

CVE 347 (3), 348 (1), 370 (3), 375 (1); ISE 304 (3); and ~~general education outcome(s)¹~~ [professional elective²](#) (3).

Senior Year First semester: 15 credits

CVE 400 (1), 465 (3), 483 (3), 497 (2) [**capstone**]; and professional electives²(6).

Second semester: 15 credits

CVE 498 (3) [**capstone**]; professional electives² ([9](#)~~6~~); general education outcome(s)¹ ([3](#)~~6~~); and take the Fundamentals of Engineering (FE) Examination³.

¹ *General Education Outcomes (A1–D1): if all outcomes are satisfied in fewer spaces than provided, you must take a course of your choice (Free Elective) to fill each remaining space in order to meet the required earned credit total of your degree plan. A complete detailing of these requirements are listed in the [college's curriculum requirements section](#) of this catalog.*

² *Professional Elective Requirements:* Three (3) of the fifteen (15) credits must be selected from the following courses: CVE 470, 471, 475, 477. The remaining twelve (12) credits can be any 300–level and above CVE courses and may include three (3) credits from the following courses: CHE 333, ELE 220, MCE 341, or MTH 215. A maximum of six (6) credits of Special Problems (CVE 491 or 492) may be taken.
[Strongly recommended courses include CVE 453, 460](#)

³ *Fundamentals of Engineering (FE) Examination:* All CVE majors are required to take the [FE Examination](#) offered by [NCEES](#) as a part of graduation requirements. **Official [NCEES](#) proof of having taken the exam is required.**

Course Code	Description	Cr	
CVE 347	Highway Engineering	3	
CVE 348	Highway Engineering Lab	1	
CVE 370 +	Hydraulic Engineering	3	
CVE 375	Environmental Engineering Lab	1	
ISE 304	Engineering Economy and Project Planning	3	
	Professional Elective**	3	
		14	

Senior Year *Fall* Semester

Course Code	Description	Cr	
CVE 400	Civil Engineering Licensure	1	
CVE 465	Analysis & Design of Concrete Structures	3	
CVE 483	Foundation Engineering	3	
CVE 497	Civil Engineering Design I	2	
	Professional Elective**	3	
	Professional Elective**	3	
		15	

Senior Year *Spring* Semester

Course Code	Description	Cr	
CVE 498	Civil Engineering Design II (D1)	3	
	Professional Elective**	3	
	Professional Elective**	3	
	General Education Outcome(s)*	3	
	General Education Outcome(s)*	3	
---	Take FE Examination***	---	
		15	

*General Education Outcomes: if all Outcomes are satisfied in fewer spaces than provided, you must take a course of your choice (Free Elective) to fill each remaining space in order to meet the required earned credit total of your degree plan. See the "General Education Outcomes" section at the bottom of page two for more information on satisfying these requirements.

**Professional Electives: Three (3) of the fifteen (15) credits must be selected from the following courses: CVE 470, 471, 475, 477. The remaining twelve (12) credits can be any 300-level and above CVE courses and may include three (3) credits from the following courses: CHE 333, ELE 220, MCE 341, or MTH 215. A maximum of six (6) credits of Special Problems (CVE 491 or 492) may be taken. CVE 453 and 460 are strongly recommended.

***Fundamentals of Engineering (FE) Examination: All CVE majors are required to take the FE Examination offered by NCEES as part of graduation requirements. Official NCEES proof of having taken the exam is required.

+ Course prerequisites include grade requirements in previous coursework, see catalog or eCampus course description for details

NOTICE OF CHANGE FORM

Notice of Change for: Engineering Entrepreneurship Minor

Date: 9/22/17

A. PROGRAM INFORMATION

1. Name of institution

University of Rhode Island

2. Name of department, division, school or college

College: Engineering

3. Intended initiation date of program change. Include anticipated date for granting first degrees or certificates, if appropriate.

Initiation date: Oct. 1, 2017

First degree date: Spring 2018

4. Intended location of the program

Kingston

5. Summary description of proposed program (not to exceed 2 pages).

The list of courses suitable for the minor is increased by the addition of ones from ELE and OCE. A possible substitution for EGR326 is offered.

6. If applicable, please include the existing URI catalog language and proposed catalog changes **indicated in Track Changes**.

The course requirements for the undergraduate engineering entrepreneurship minor are as follows.

core required courses (9 credits)

EGR 325 Engineering Entrepreneurship I

EGR 326 Engineering Entrepreneurship II

One of the BUS Supporting Courses below

supporting courses (choose 9 credits not including BUS course as indicated above; most courses are 3 credits)

Business: BUS 247, 249, 315, 320, 341, 365, 441, 443, 449, 450

Civil Engineering: CVE 323, 334, 477

Communication Studies: COM 341, 402

Community Planning: CPL 434, 537

Economics: ECN 201, 202

Electrical Engineering: ELE 470

Engineering Ethics: EGR 316

Environmental Economics: EEC 205, 310
Industrial and Systems Engineering*: ISE 304 (404), 451, 500, 552
Marine Affairs: MAF 220, 312
Ocean Engineering: OCE 360, 467
Writing: WRT 332 (333)

*ISE Majors cannot use ISE 304 (404) or 451 in satisfaction of minor requirements

Notes:

1. Supporting courses may be substituted with appropriate other courses including special projects only with prior approval by the Engineering Entrepreneurship Minor Coordinator, [Professor James Miller](#) and your Department Chair.
2. EGR325 is offered in the fall semester and EGR326 is typically offered in the Winter "J-term". Students unable to take EGR326 can substitute that course with another course from one of the engineering-specific options on the approved list.

7. Signature of the President

David M. Dooley

Deb,

We are proposing to expand our Engineering Entrepreneurship minor by adding your new entrepreneurship courses:

BUS149 (Intro to Entrepreneurship), BUS247 (Business of Innovation: Design Process), BUS249 (Business of Innovation: Lean Startup), and BUS348 (Business of Innovation: Social Design)

Can you reply to this email with your approval? I have cced Nancy Forster-Holt for information.

Thanks,

Jim
